*Main enrollment headcounts shown are student primary campus of Corvallis or Ecampus. It does not include smaller locations such as Portland or Eastern Oregon University

Two Reporting Campuses for Oregon State University

- **MAIN**
- **CASCADES**

Historically, OSU has been funded by the state as a single entity. When the OSU-Cascades campus was established in 2001, the state funded it as a separate line item. This required reporting OSU-Cascades enrollments separately from all other enrollments, both to the state and to the federal IPEDS data system.

OSU Reporting Campus Breakdown
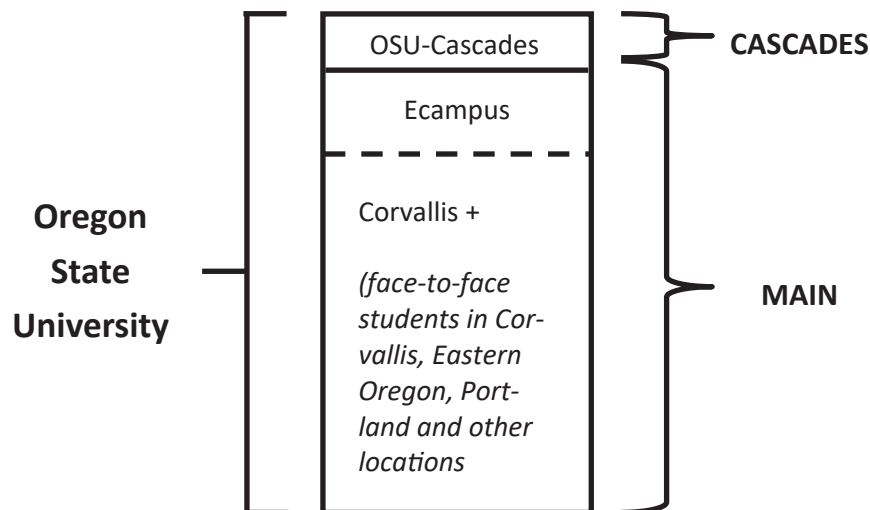

We don't typically report total Oregon State University numbers. "Main" is usually quoted when giving OSU numbers. We do not use "OSU-Corvallis" in standard enrollment reporting.

Headcounts are based on student course registration, not student primary campus. OSU-Cascades students also taking Ecampus courses appear in counts for both Main and Cascades. For this reason, OSU's total enrollment cannot be calculated by adding Main and Cascades headcounts.

Student Credit Load Terms

Undergraduates making full-time progress towards their bachelor's degree typically take 15 credits per term. We break up total credits in segments of this amount to indicate counts of full-time equivalents. For undergraduates, 15 credits = 1.0 FTE. For master's and professional doctorates, 12 credits = 1.0 FTE. For doctoral students, 9 credits = 1.0 FTE.

Full-time status is a characteristic of individual student credit load. A minimum value indicates whether the student credit load meets university and financial aid requirements for full-time enrollment. Undergraduates are considered "full-time" if they are enrolled in 12 or more credits.

Oregon State
University

10 Year Trend: Demographic Percentage of Total Main Campus
- *Undergraduate Enrollment proportion grew slightly, bucking a longer term slight decline*

- *A drop in Oregon Resident percent primarily reflect the growth of our nationally ranked on-line program (Ecampus)*

- *OSU is slightly different from national rates where women are typically the majority of college enrollments; this may reflect OSU's STEM majors which tend to have fewer women*

- *Percent of Students of Color and Underrepresented Students of Color has grown steadily, reflecting a corresponding growth among Oregon K-12 students*

- *Recent drops in international students reflects travel restrictions posed by both the previous federal administration and the global COVID crisis. But numbers remain strong*
